2. The Rajmarg Pravesh Portal has been configured to facilitate migration / onboarding of applications for Access Permission and Right of Way (RoW) Permissions that were submitted through the erstwhile NOC Portal prior to the launch of the Rajmarg Pravesh Portal i.e., prior to **25.02.2026**.

3. With effect from **15.06.2026**, no application relating to Access Permission or Right of Way (RoW) Permission shall be processed either through the earlier version of the NOC Portal or through offline mode.

4. All pending legacy applications, whether submitted online through the old NOC Portal or through offline mode, are required to be mandatorily migrated / onboarded to the Rajmarg Pravesh Portal. For this purpose, applicants may fetch their old applications on the revamped portal using their existing application number. In cases where the system is unable to fetch the application through the old application number, or where the application number is not available, the applicant shall follow the procedure prescribed for onboarding of offline applications to the Rajmarg Pravesh Portal.

5. Upon onboarding / migration, the status of the application as existing in the old portal shall be reinstated on the revamped portal after updating / furnishing any missing information, as may be required.

6. After onboarding, all balance activities in respect of such applications shall be conducted exclusively through the Rajmarg Pravesh Portal, including:

- i. Verification of documents;
- ii. Scheduling and conduct of joint inspections;
- iii. Issuance of Provisional NOC;
- iv. Extension of validity of Provisional NOC already issued;
- v. Execution of Licence Deed;
- vi. Issuance of Final NOC; and
